

LOCAL NEWS.

THURSDAY EVENING, MARCH 17.

For this section cloudy weather and snow until Friday morning, probably clearing Friday afternoon; northerly winds.

LEE HADIN RESPIRED—The earnest efforts of the Rev. Mr. Walter H. Robertson to have the sentence against Lee Hadin suspended, pending the appeal of a new trial for Dye, have met with success and the Governor has rescripted Hadin for sixty days.

The circumstances of this case are so woven about these men as to show beyond reasonable doubt that they are both equally connected with the matter. What will go to establish the innocence or guilt of one will have direct bearing on the other.

It is but justice that Hadin should have the benefit of whatever a second trial of Dye would develop.

We have not the room to give the reasons, but we believe that should Hadin hang on the 18th and Dye get a new trial and a change of venue he would probably be cleared. We believe it, not because we think him innocent, but because the witnesses would be so situated and silenced, by reason of loss of interest and the partial satisfaction of justice in the hanging of Hadin. We therefore signed the petition to have Hadin rescripted because we thought it just to Hadin and best for the Commonwealth.

The gallows is in place. The first tears Hadin shed were when he saw the time here come to the yard and heard them put in place. When told that he had been rescripted for sixty days he became tremulous and was on the verge of tears. Dye was weeping copiously ever since he was incarcerated after the trial.

The hanging cannot well take place until the 20th of May, if then. —Warrenton Virginia.

KEEP YOUR EYE ON HIM—One of the young men, who made his first appearance in the State Senate during the recent session of the General Assembly, will bear watching. It was rarely that he addressed the body of which he is a member that Capt. Geo. A. Muebach did not demonstrate that he was a thinker—knew what he wanted to say and how to say it. In clear cut sentences he presented his case, and so forcibly that he did not lack following on every occasion. He is one of the rising young men of the State, and if life is spared him, will make his mark in the public affairs of Virginia. Of pleasing address, frank, direct and courageous in his expressions; an unusually strong mind, well trained by study and reading; an impressive speaker and entertaining conversationalist, he possesses all the essential elements for successful public life. We predict for Capt. Muebach a conspicuous career in the affairs of the State, if he shall determine so far to encourage upon his professional engagements as to allow time for active ideas participation with matters of State. The leading politicians of Virginia had better keep an eye upon Capt. Muebach, for he will be heard from hereafter.

The above complimentary mention of Capt. Muebach is taken from the *Valley Virginian*, but the article is not new to the Capital's many friends in this city and vicinity, where his abilities are well known and recognized.

COLORADO REPUBLICANS—The colored republicans of this city assembled at Potomac Hall, last night, pursuant to previous announcement, and elected the following delegation to represent the city in the colored district convention to meet on the 28th inst: Magnus L. The delegation was empowered to fill vacancies. The meeting was orderly. W. A. Carter served as secretary with Magnus L. Robinson as chairman. The delegation elected will, it is said, endorse Robinson as the choice for one of the delegates to the national republican convention.

THE STREET RAILROAD—The inclement weather of the past week has greatly interfered with the survey work for the street railway, which is to be extended to Mount Vernon, but, as before stated, all the arrangements for the construction of the road have been made. The delay in the survey has prevented the selection of the exact route to Mount Vernon, but the river route has been practically determined on, as by that route heavy grades and much cutting and filling will be avoided. Mr. Spier, the secretary of the company, said to-day that in a short time information concerning the development of the property across Hunting creek recently purchased by the company will be made public.

PARALYZED—Mr. Stephen K. Field, a well known citizen and ex-collector, was stricken with paralysis at his home on Prince street about 8 o'clock last night, and up to 2 o'clock this evening had not regained consciousness. FIRE—The alarm of fire shortly after 12 o'clock last night was caused by the partial burning of the one story frame shoe-maker's shop, at the northwest corner of Washington and Wilkes streets, occurred by Chas. Gray, colored. The house was owned by the estate of O. C. Emout, and was insured. The loss was slight.

From a letter written by Mrs. Ada E. Hard, of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my lungs, cough set in and finally terminated in Consumption. Four doctors gave me up saying I could not live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above.
